

Summer School in Engineering and Science For Outstanding Postgraduate and Senior Undergraduate Students

Full Scholarship for outstanding candidates from China!

The summer program allows students to create a rigorous academic experience that combines an advanced course in engineering or science with an exciting social and cultural program at Israel's premier center of science and technology education and applied research. Courses include:

Electrical Engineering

- Image Processing and Analysis
- Introduction to Machine Learning

Aerospace Engineering

- Distributed Space Systems
- Principles of Guidance and Homing

Mathematics

- Nonnegative Matrices –
Theory and Applications

Mechanical Engineering

- Theoretical Tribology

Humanities

- History of the Middle East & Basic Hebrew

Social and Cultural Activities

Students participate in industry visits and trips to Israel's tourist attractions as well as leading companies, start-ups and investment companies to explore Israel's unique entrepreneurial economy. On campus, students get to meet Technion faculty, visit laboratories, and engage with lunchtime speakers providing in-depth exposure to Israeli and Middle Eastern culture and history. On-campus social activities are led by Technion International's experienced student guides.

Housing & Facilities

Students are housed in campus dorms. Each room in a 3-bedroom apartment accommodates 2 students, and each apartment offers a shared kitchen and bathroom.

Students have access to Technion's excellent facilities that include 3 swimming pools (one Olympic-sized), gym, tennis and squash courts, movie theatre, over 20 cafeterias, a pub, and laboratories as required.

Admission Requirements & Cost

Excellent undergraduate and graduate students (BSc, B-TECH, MSc, PhD) are invited to apply.

Submit your application form together with your university transcripts, CV, and one letter of recommendation. The minimum required grade point average is 80. Acceptance to each academic course is dependent on approval of pre-requisites by Technion faculty.

Under a unique Israeli Government Sponsorship, excellent students from China will receive a scholarship covering full tuition costs for the program, including housing in Technion's international village dormitories, daily lunch at a Technion cafeteria (5 days a week) and a monthly allowance of \$250.
